What Van? PICK UP OF THE YEAR 2016

INTRODUCING THE NEW PACK LEADER

The Mitsubishi L200 has long been leader of the pickup pack. For decades it has set the standards to which others can only aspire, collecting every major accolade, often multiple times. And now, to celebrate 40 years of pickup production, Mitsubishi brings to you the very best truck of them all: the brand new Series 6.

Happy birthday, L200.

"a great choice for those looking to use it as intended." Autocar

EXPANDING HORIZONS, PICKUP STYLE

Once upon a time, Mitsubishi revolutionised the pickup truck.

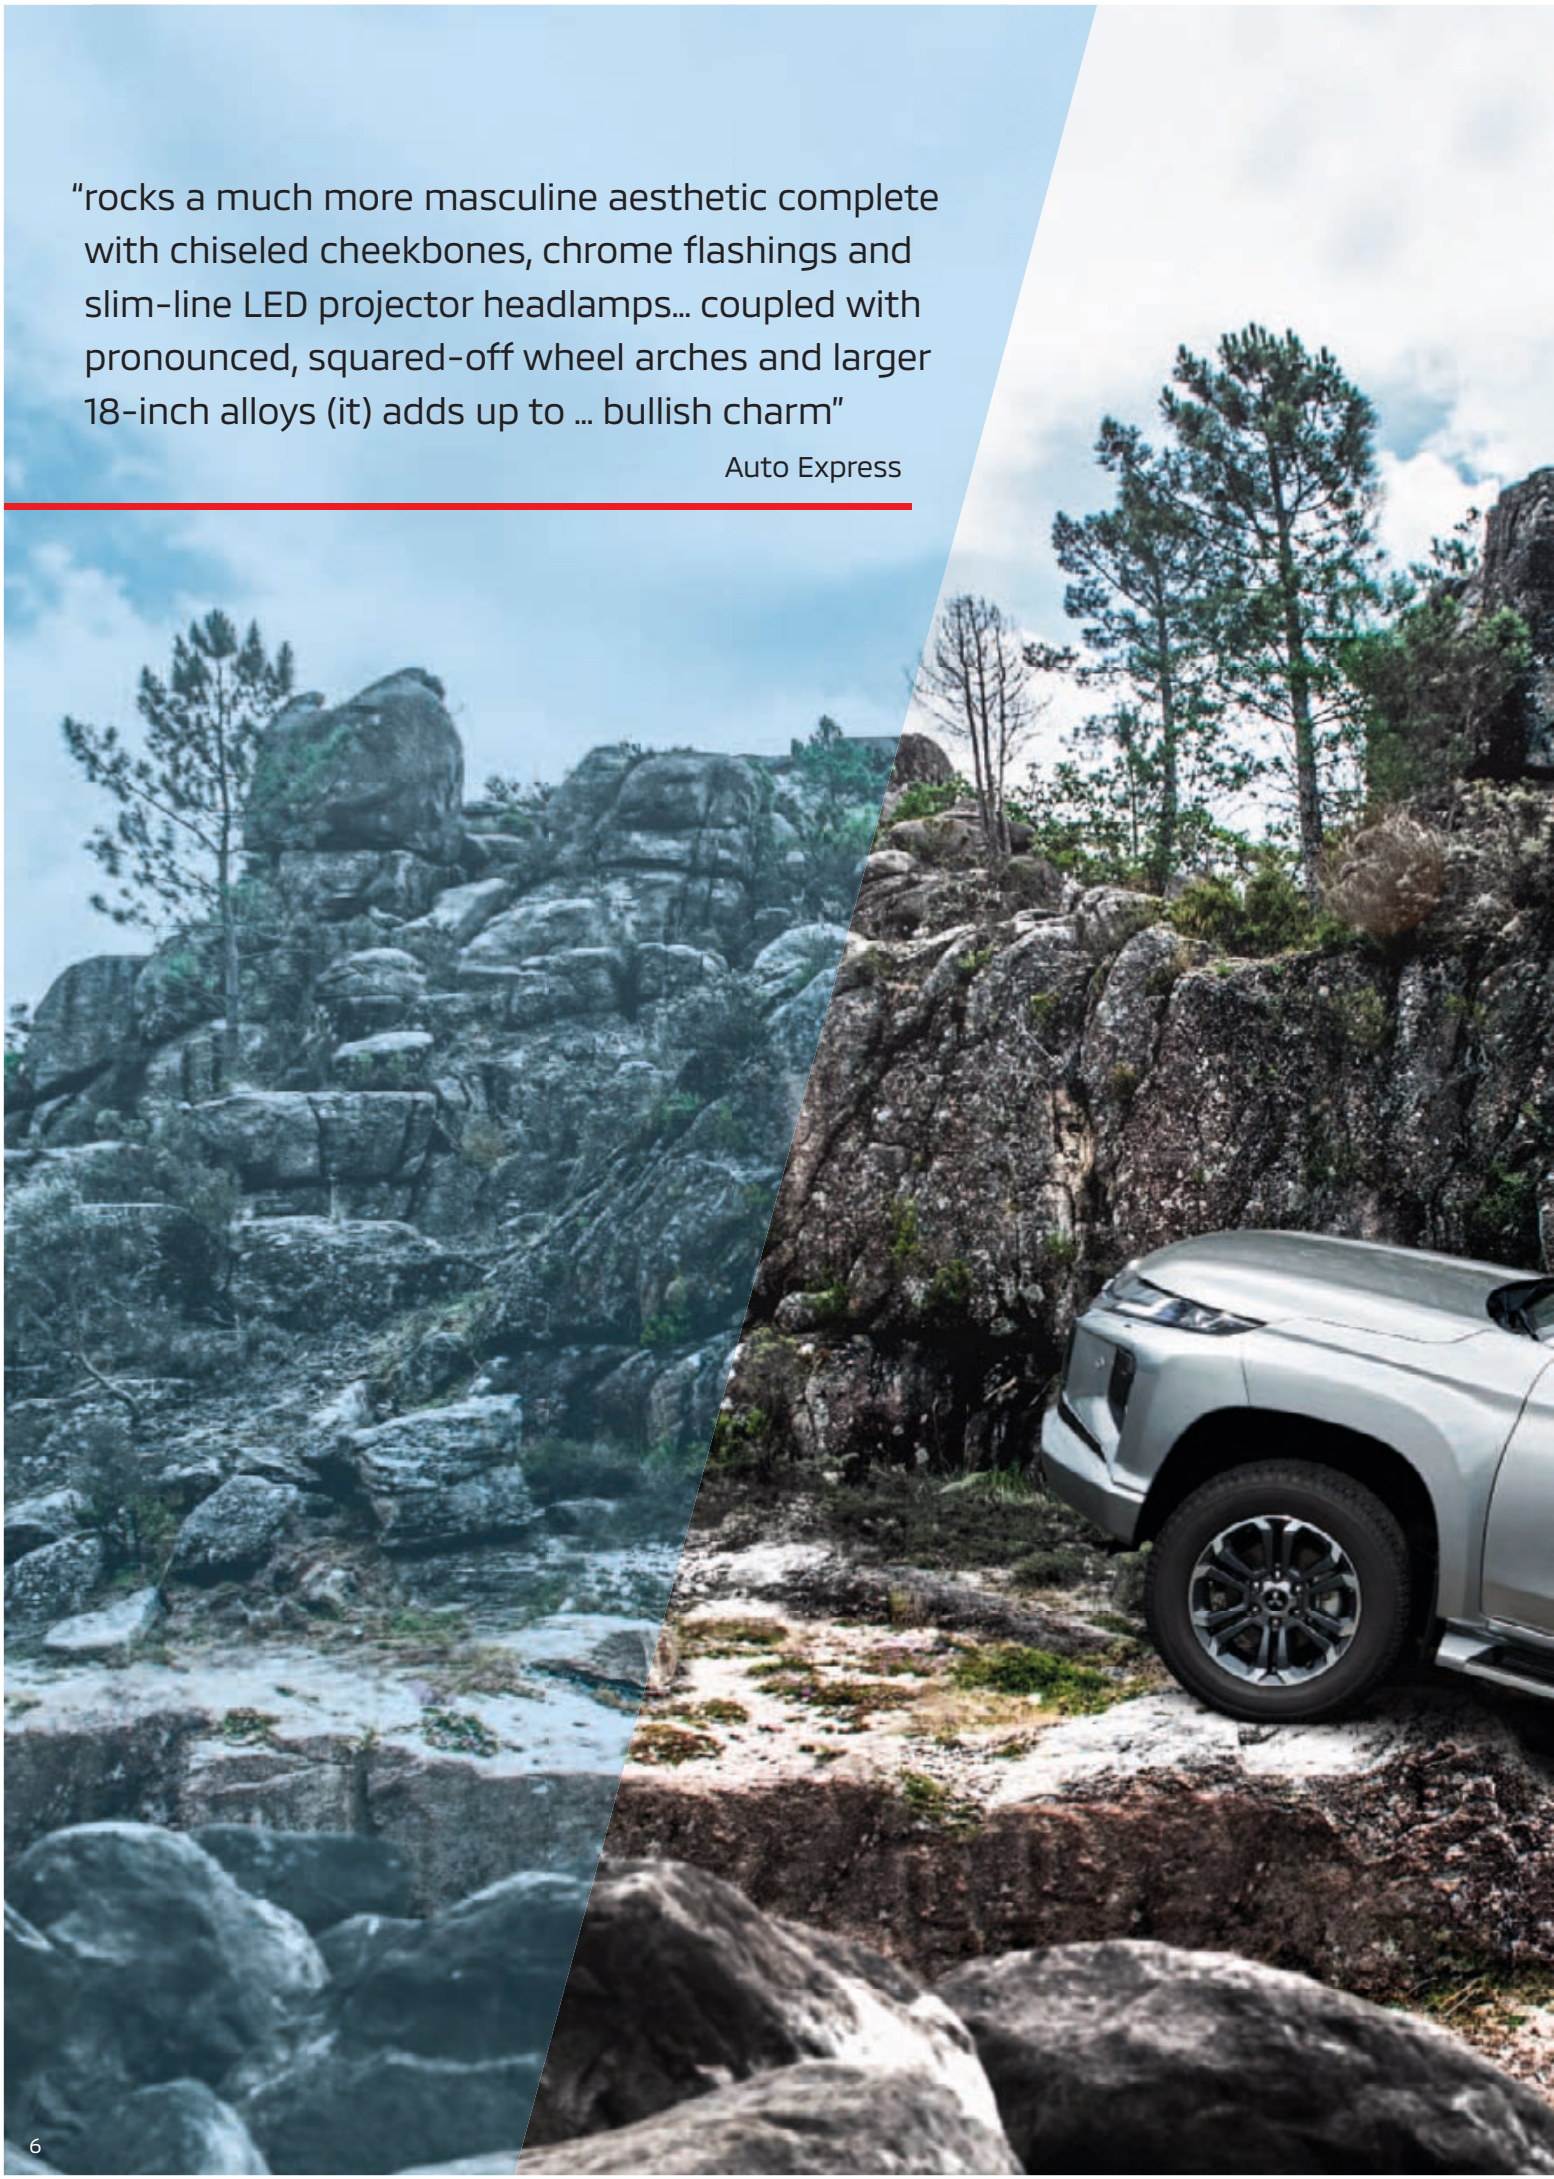
They designed one specifically for our twisting and crowded European roads. They ensured that it combined a tough disposition and genuine packhorse load-lugging capacity with more doors, seats and a pleasant drive. And they added a level of sophistication only previously associated with upper end saloons.

So now you can run your pick-up to the building site, the beach, or the bistro, all thanks to Mitsubishi. And, whilst others still play catch up almost two decades later, both press and purchasers agree that the pickup most at home there is the Mitsubishi L200.

"You can see why so many pick-up buyers choose this one, whether their need is to transport quadbikes and surfboards or hardcore and shovels." RAC

"rocks a much more masculine aesthetic complete with chiseled cheekbones, chrome flashings and slim-line LED projector headlamps... coupled with pronounced, squared-off wheel arches and larger 18-inch alloys (it) adds up to ... bullish charm"

Auto Express



TAMING TARMAC IN A TRUCK

Right now, nearly one in every three pickups bought in the UK is a Mitsubishi. That's because the L200 is simply perfect for our roads.

It is neat and nimble, grippy and keen into the bends, with the tightest turning circle of any truck and an even smoother, quieter ride than its predecessor, despite the heavy duty suspension required for its day job.

It boasts a refined and efficient WLTP-compliant Auto Stop & Go engine, hooked up to a six-speed gearbox. And, even after all these years, the high end models* are extraordinary, allowing you to opt for either two or four-wheel drive on dry roads, and to shift on-the-fly at will. Courtesy of Mitsubishi's renowned Super Select system, this provides the choice of better grip when you need it and better economy when you don't and, backed by Trailer Stability Assist, makes these the perfect pickups for towing with.

But pickups are about packing, as well as pulling, and the L200's packhorse legendary capabilities are now even greater than ever before, with total load capacities ranging from 4050kg to 4120kg, depending upon the model.

Of course, when you need to rely on your truck for work as well as play, reliability is as important as performance, and Mitsubishi enjoys an unrivalled reputation amongst L200 customers, with many coming back again, and again, and again.

*Available only on Warrior and Barbarian models.

"I genuinely love these trucks, and I have seen nothing but excellent reliability from mine." SH, owner

3.5 TONNES TOWING CAPACITY**

**3.5t towing capacity is possible with 3 axle braked trailer; 3.1t towing capacity is possible with 1 or 2 axle braked trailer; 0.75t towing capacity is possible regardless of the number of trailer axles or trailer brakes.

ALWAYS MASTER OF THE ROUGH STUFF

Off-road, Mitsubishi has long provided the masterclass.

Highly manoeuvrable, with a relatively light chassis and highly regarded 4WD systems, traction is simply never in question. Indeed, the L200 is spider-like over the steepest terrain, climbing seemingly impossible angles with ease.

This admirable ability when the going gets tough has been honed in some of the most arduous conditions on earth and, at heart, it is down to two iconic drivetrains. The Easy Select system, in operation on 4Life models, features 2WD for tarmac, two 4WD modes and a rear differential lock, ensuring traction even on sand, mud or rocky surfaces; on all other models the Super Select system automatically locks the centre differential when in the off-road modes. On the Barbarian, these locked settings are now further enhanced by an off-road mode selection option to optimise engine output, transmission and braking in various conditions - gravel, mud/snow, sand or rock. Hill Start Assist, and the newly introduced Hill Descent Control play a supporting role on all models, whilst the 360° camera* system provides a bird's eye view, helping spot the safest path from the comfort of your cab.

*Barbarian X only.

"We already regard the L200 as the best off-roader in the pickup segment..... However, Mitsubishi has raised the bar even further."

Professional Pickup & 4x4

PICK OF THE PICK-UPS INSIDE

Maximising space has always been a Mitsubishi strong point and, despite its relatively compact size, the L200's cabin provides better legroom than any other cab in the class.

The seats are better too. Drivers find their position car-like, sitting down snuggly instead of in the traditional pick-up perch. Double Cab rear seat passengers are cosseted with a 25° reclined seat-back and great headroom, making this their pick of the pick-ups too. And everyone benefits from the excellent sound insulation: combined with the naturally quiet engine, this latest L200 cruises noticeably more quietly than its peers.

"Throughout the cabin, Mitsubishi has opted for better-than-average plastics, which are clearly a cut above the cracker-toy-grade stuff plastered all over the Ford Ranger's interior.

The black leather is decent quality, too, and the seats' side bolsters keep you firmly in place when cornering..." Farmer's Weekly

"Includes much of the kind of equipment you'd expect to see in a premium car." RAC

MAKING LIGHT WORK OF WORK

You might choose the L200 for its ride alone; but then again, you might pick it for its class. That's because it exhibits the perfect balance between practical, durable materials and 'car-like' refinement. And, depending upon the model, the L200's list of standard kit reads more like that of a top-end saloon: central locking with keyless entry, electric windows to both front and rear, electric heated door mirrors for optimum vision whatever the weather, leather heated seats and dual zone climate control air conditioning. There is enormous attention to detail too: privacy glass, rain and dusk sensors, a Bluetooth® hands free 'phone connection and a good sound system with steering wheel remote control.

*Specifications vary by model – please refer to pages 28-30 for full details.

SETTING A PRECEDENT IN THE PICKUP WORLD

"I've owned a Series 3 for seven years, then a Series 4 for five years and now a Series 5 for the last two years. They are a pleasure to own and I cannot speak highly enough about them all." AM, owner

In 40 years of production the L200 has frequently set the benchmark,and never more so than in matters of safety.

It was the very first pickup to feature a traction control system, an active safety feature that works alongside innovations like ABS with EBD (which adjusts the level of braking power applied between the front and rear wheels, depending upon the load), Brake Assist, and the Emergency Stop signal System which automatically alerts other drivers to a hazardous situation.

Now, L200 features like the Lane Departure Warning system, Forward Collision Mitigation (which warns of an imminent collision), Blind Spot Warning (a real boon for motorway driving), Rear Cross Traffic Alert (equally as useful when reversing) and the clever Ultrasonic mis-acceleration Mitigation System are the new yardstick in pickup world.

Mitsubishi's L200 Series 6 may not be the biggest truck around. And it is certainly not the most expensive. But its high specification, solid build quality, and exceptional all-round performance make it the measure by which others will always be judged.

MITSUBISHI AFTERSALES CARE

With a new Mitsubishi, you not only get a safe and reliable vehicle that is a real pleasure to drive, you also become part of the Mitsubishi family. And as our nearest and dearest, we want you to feel protected should you ever encounter a problem – that's why we have me&my, which encompasses a wide range of benefits:

- A comprehensive **five-year, 62,500-mile warranty** (please ask your Authorised Mitsubishi Dealer for full details)
- The **Mitsubishi Assistance Package (MAP)**, which provides the reassurance of roadside or home breakdown assistance for the first three years following registration. It includes vehicle recovery following a breakdown or accident, help if your vehicle is stolen or vandalised, and even if you should accidentally fill up with the wrong fuel. 24/7 cover extends to over 30 countries throughout Europe. So wherever you are and whatever you're doing, if the unexpected does happen help is always at hand
- In the unfortunate event of an accident we have **Mitsubishi First** – our customer support service for all Mitsubishi drivers. No matter which insurer you use, Mitsubishi First smooths your progress through an insurance claim, handling everything on your behalf – and all at absolutely no cost to you

And once you're part of the family... it's service with a smile.

A **Mitsubishi Service Plan**, purchased at the same time as your vehicle, covers the first three scheduled services for a modest sum. It can be included in your vehicle's finance and transferred to a new owner if you sell.

Mitsubishi Motors also offer superior insurance cover at a competitive price which is specifically designed for Mitsubishi vehicles and uses only genuine parts and approved repair centres.

MITSUBISHI MOTORS RECYCLING

We all have a duty to protect the environment. After a long working life we will take back any Mitsubishi Motors vehicle originally sold by The Colt Car Company Ltd. and recycle it in an environmentally friendly manner in accordance with the EU Directive on End-of-Life Vehicles and any applicable national statutory provisions.

All Mitsubishi Motors vehicles sold by The Colt Car Company Ltd., irrespective of date of sale, will be taken back free of charge from the last owner, at one of the designated take-back points, provided the vehicle contains all major components and is free of waste.

For further information please visit www.cartakeback.com, email info@cartakeback.com or call the Cartakeback info-line on 0845 257 32 33.

Mitsubishi Motors policy is one of continuous product development and the right is reserved to change specification, features and prices without prior notice. The specification of vehicles illustrated in this publication may not be applicable to the UK market. Although every effort has been made to ensure that the written information was accurate, up-to-date and consistent with UK specification at the time of going to press, this brochure should not be regarded as infallible and, as such, does not constitute an offer for the sale of any particular vehicle. No part of this publication may be reproduced in any form or by any means, without the prior written permission of The Colt Car Company Limited.
